

**POSITION DESCRIPTION  
FOR  
MV-22 FLIGHT EQUIPMENT TECHNICIAN**

**INTRODUCTION:** The Flight Equipment Technician will ensure maximum safety/survivability as well as optimum aircraft readiness. Performs required scheduled/unscheduled and periodic inspections on applicable aircrew equipment and components per maintenance requirements. Incorporates applicable Technical Directive (TD) changes/bulletins. Demonstrates/applies knowledge of theory of operation and performs applicable Organizational-Level (O-Level) maintenance on aircraft-related life support systems and survival equipment.

**ESSENTIAL FUNCTIONS:**

1. Personnel in the Aviation Life Support System (ALSS) Branch will be qualified per the ordnance Certification Program MCO 8023.3B.
2. Assist in and perform periodic inspections as required by Maintenance Requirement Cards (MRCs).
3. Observe safety and line precautions around aircraft and work spaces and demonstrate a working knowledge of first aid procedures to be used in an emergency.
4. Perform corrosion prevention and treatment, as applicable, to aircraft and flight gear.
5. Use technical publications in skill area. Research and comply with TD changes/bulletins that affect ALSS equipment and clothing.
6. Monitor scheduled/unscheduled inspections and annotate pertinent data on MRC validation/verification study matrix. Identify areas possessing significant maintenance errors or technical differences between the technical manual (requirements) and what is conducted in accordance with the MRC deck specifications.
7. Comply with policies and procedures as set forth in the company's Handbook of Policy and Procedure.
8. Comply with the provisions of the corporation's Standard Practice Procedures manual and DoD 5220.22-M when handling classified information to include generating, marking, storing, handling and destroying of classified material, if required.
9. Work, cooperate and communicate, as directed, with supervisors, team leaders and coworkers satisfactorily. This includes the professional, mature acceptance of constructive criticism.
10. Travel as required.
11. Perform other duties as assigned.

**POSITION DESCRIPTION  
FOR  
MV-22 FLIGHT EQUIPMENT TECHNICIAN  
(Continuation)**

**QUALIFICATIONS FOR POSITION:**

1. Must have strong knowledge of applicable Maintenance Instruction Manuals (MIMs) and maintenance publications, orders and directives.
2. Must demonstrate working knowledge of Naval Aviation Logistics Command/Management Information System (NALCOMIS).
3. Must possess a minimum of two (2) years experience in the U.S. Marine Corps (USMC) MOS 6048 or equivalent service skill field.
4. Must be able to obtain a level of experience to become a Collateral Duty Inspector (CDI)/Collateral Duty Quality Assurance Representative (CDQAR).
5. Your work will be on a government installation; therefore, you must be cleared for access.

I have read this position description and understand my duties.
